Martin Enterprises Donates To Saving Country Kritters' Foster Care

Martin Enterprises, a non-profit agency that works with people with disabilities located in Williamston, NC, recently donated money to Saving Country Kritter's Foster Care operated by Monique and Anthony Bland. Martin Enterprises, for the second year, collected burned out Christmas lights as part of their on-going electronic recycling program. It was decided, from the beginning, that a portion of the proceeds from selling these lights would be donated to a local animal rescue organization.

Saving Country Kritter's was chosen to be the recipient due to their relentless efforts to insure that abandoned, unwanted animals in Martin County find homes. Over 150 animals have already been moved up North to the SPCA by the Bland family this year alone.

For additional information about Monique or Anthony Bland's program call 252-217-9720. For information about Martin Enterprises call 252-792-8251 or e-mail susandaughtry@martinenterprises.org.
