Press Release – 9-29-14, Major Hinton Wins NCARF Award

Major Hinton who owns and operates, HETS (Hinton Employment Transportation Services) was honored, along with his family, at the 2014 NCARF Conference which was held in Winston Salem, NC on Thursday, September 26, for winning the 2014 Vocational Achievement in the Community Award.

Each year NCARF (North Carolina Association for Rehabilitation Facilities) requests nominations from their member agencies for several different categories all denoting success. Hinton was nominated by Martin Enterprises due to his ability to transfer from Vocational Rehabilitation services at ME to owning and operating the transportation business that Martin Enterprises, with grant money, helped establish in 2011.

The business is a “family affair.” Major, his wife, Mary, and daughter, Brittany, all work together to transport customers to their various work sites over a 14 county area. The couple’s other daughter, Venues, works as a Program Instructor at Martin Enterprises.

In regards to Hinton’s success, please remember that October is National Disability Employment Awareness Month.

For additional information about HETS call 252-792-8251, visit www.martinenterprises.org and/or ***Like Us*** on Facebook.
