

*Press Release 5-26-15: HTM Concepts of Martin Enterprises
Launches New Website*

BJ Bowen, owner of Williamston Start Up Marketing (WSUM), recently launched a new website for HTM Concepts of Martin Enterprises. This business was purchased by the non-profit, Martin Enterprises, in December of 2013 and moved from its former location in Windsor to the Martin Enterprises' warehouse located at 23366 Hwy 125 North, Williamston in the spring of 2014.

The company primarily offers screen printing, embroidery, signage, awards, trophies and specialty items or, as we like to say, anything "personal!"

The new web site allows customers, and potential customers, to easily search the site to find whatever they are looking with the ability to e-mail or call for additional questions or to place orders.

Visit the new site today www.htmconcepts.com and, in addition, like us on facebook.
