2nd Quarter, 2020

Martin Enterprises

April—June

Martin Enterprises is deeply saddened to announce the loss of Yolanda Belcher, our Community Employment Specialist. Yolanda joined our team in May of 2019 and departed from us in June 2020. She was full of spirit, eager and willing to make a difference in the lives of our consumers. She paved the way for many individuals to find employment, providing a foothold to their personal success. Her determination, work ethic, love of community service, joyful humming, and sincere smile will truly be missed. Martin Enterprises is thankful to the community for their support at this time. Encouragement goes out to Yolanda's family. A quote Yolanda posted in her office reads, "Let us, therefore, live ONE day at a time." Yolanda faced each day with new insight and encouraged her clients to do the same.

VOCATIONAL REHABILITATION

Our resolve was really tested this quarter with the ongoing global pandemic and the recent loss of our team member and friend, Yolanda Belcher. The Vocational Rehabilitation Department put our consumers first by leading individuals to competitive employment throughout Bertie, Martin, Beaufort, Hertford, and Washington County safely and effectively. We put precautionary measures in place to include daily screenings, requiring PPE, and enforcing social distancing and handwashing while in the community and onsite for Vocational Evaluation and WA Training clients. We utilized remote job developing and job coaching techniques via phone and video chat.

Thanks to great leadership from our Executive Director and the willingness of our VR staff to serve during these trying times, we were able to safely place 17 Work Adjustment clients and 6 Supported Employment clients this quarter; 3 placements shy of our overall goal of 48 Major Benefits for the Fiscal Year. We would like to extend a special thank you to Rose Acres Egg Farm of Pantego, Pinnacle Home Care and Domtar of Greenville, Windsor House of Windsor, Home Depot Headquarters stationed in Franklin VA, McDonald's and Food Lion of Williamston, Wilson's Cleaning Service, Edge of the Woods, Brooks Construction, and Pizza Hut of Washington, and Jernigan Oil of Ahoskie. These local businesses assisted our consumers in obtaining meaningful employment during a time of uncertainty. The VR Department encourages you to Shop Local!

Our Community Based Work Adjustment Pilot Program has been put on hold as our two sites (MGH and MCC) closed temporarily to the public due to the pandemic. We look forward to restarting this venture in the near future, hopefully, within the next quarter. The Pilot Program was set up to provide onsite training through Vocational Evaluation and WA Training. It is still the desire for individuals to be trained for a variety of work skills not limited to, but including janitorial, server, stocker, filing, food prep, and customer service.

If you or your company is interested in receiving services through the Vocational Rehabilitation Program at Martin Enterprises, please contact Sonona R. Jefferson, VR Services Manager at (252) 792-8251. We look forward to serving you or your company's needs in the future.

CLFS, ADVP, PSR, AND INNOVATIONS

This quarter, the facility was closed to clients due to the COVID-19 pandemic. Many clients have opted to receive alternative services until the Martin Enterprises is able to re-open.

A farewell lunch was held for Susan Daughtry, Marketing Manager for HTM. She retired in April of this quarter after working with Martin Enterprises for 8 years. We wish her the best in her future.

HTM has been diligently serving the needs of its customers throughout this pandemic. We would like to thank all of our customers for their support. Please do not hesitate to call on us at **252-789-0508** for your customized gifts or promotional needs.

ARC / UCP GROUP HOMES

Due to COVID-19 and the social distancing requirements, ARC and UCP residents were unable to attend events or go on outings this quarter. The staff and residents had to become creative and plan safe activities. The residents watched movies and popped popcorn, colored eggs for an Easter Egg Hunt and had an Easter themed dinner, played board games, assisted with car washing, had a welcome home party for one of the residents, enjoyed birthday celebrations, with a dance party, and had a “make your own pizza” day. The residents also participated in “drive by” visitations to see their friends and to Martin Community College to see the horses. The pandemic may have changed the way the ARC and UCP residents do things, but it has not dampened their spirits.
