Martin County Residential Services, Inc.  
DBA Martin Enterprises  
PO Box 1042  
Williamston, NC 27892

3rd Quarter, 2020

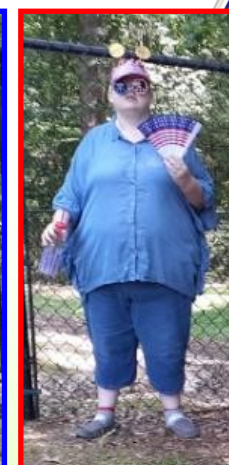

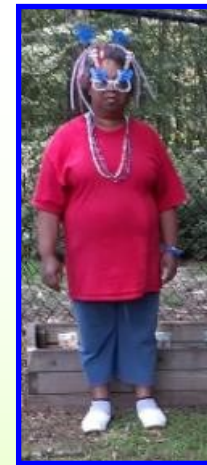

This quarter, Martin Enterprises would like to thank Alexander Moore for 25 years of dedicated service. Alex started working for Martin Enterprises in the Community Alternative Program (CAP) department for the first 10 years and then moved to the Production department, of which he is currently the Production Assistant. Alex is a man of many hats. He is a nurturing father to 3 children and a loving husband to his wife, Fetima, of 26 years. He is also a certified Med Tech, CPR Instructor, EMS Instructor, Paramedic, and a Martin County Bus Driver. Martin Enterprises would also like to thank Alexander Moore and all first responders for their services during the COVID-19 pandemic.

## ARC / UCP GROUP HOMES

This quarter has been a quiet one for ARC and UCP residents since they have been trying to stay as safe as possible. At the beginning of the quarter, the residents decorated the homes for Independence Day, dressed in red, white, and blue, and ate desserts with the same colors. After the celebration, staff and residents went on a joy ride to Bertie County to further celebrate the freedoms they still have in the midst of this pandemic.

For the remainder of the quarter, the residents exercised, played card games, watched movies, had an in-house jamboree with plenty of dancing, and last but not least, they took strolls through the neighborhoods while practicing social distancing.

To our friends, neighbors, and families, please continue to be safe!

GROUP HOME ASSISTANT,  
TAMEIKA BELL BECAME  
MRS. TAMEIKA ANDREWS!

**VOCATIONAL REHABILITATION**

The VR Department continues to reach our goals despite the ongoing pandemic. Daily screenings, requiring face coverings, enforcing social distancing and handwashing throughout the community and onsite has aided in ensuring our clients and staff remain safe. We continue to use remote job developing and job coaching techniques via phone and video chat. Employment has been acquired by our consumers in Bertie, Martin, and Beaufort County and 13 Work Adjustment clients and 11 Supported Employment clients have been placed this quarter. We have been able to request an increase in our WA and SE goals, increasing our overall revenue potential for the 20-21 FY. COVID-19 will not keep us down!

We would like to extend a special thank you to Rose Acres Egg Farm of Pantego, Flagstone Foods, Food Lion of Robersonville, The Learning Center of Washington, Brooks Construction, and Perdue Farms of Lewiston, NC. A few of these sites have provided opportunities for ME to hire local drivers to ensure individuals get to and from work daily, further contributing to VR consumer success. These local businesses have assisted our consumers in obtaining meaningful employment in the past and willingly continue to do so now. The VR Department encourages you to Shop Local!

Our Community Based Work Adjustment Pilot Program is set to resume in October. It was temporarily put on hold due to the pandemic. Only the MCC site will be open during this time, limiting the skills training to filing and janitorial duties. We look forward to restarting this venture next Quarter with special thanks to Mrs. Judy Jeanette, Director of Communications / Public Information Officer of MCC! The Pilot Program was set up to provide onsite training through Vocational Evaluation and WA Training. It is still the desire for individuals to be trained for a variety of work skills not limited to, but including janitorial, server, stocker, filing, food prep, and customer service.

We want to partner with you to continue serving our community and helping our clients reach success. When consumers work, we all win!

If you or your company is interested in receiving services through the Vocational Rehabilitation Program at Martin Enterprises, please contact Sonona R. Jefferson, VR Services Manager at (252) 792-8251. We look forward to serving you or your company's needs in the future.

You won't always have a plan. Sometimes you just need to breathe, trust, let go, and see what happens.

~Former client, now employed by Martin Enterprises

**CLFS, ADVP, PSR, AND INNOVATIONS**

Despite COVID-19, all CLFS, PSR, and Innovations instructors were hard at work providing in-home services to clients. Hats off to the top employees for this quarter: (left to right) Lakiva Hudgins (July), Tamica Everett (August), and Vincent Burns (September).
