January—March

Martin Enterprises

Make it personal this Spring with.....

Whether you are looking for that special birthday present, an unforgettable personalized Mother's Day gift, or athletic gear for your sports fanatic, HTM Concepts of

Martin Enterprises can ink it, stitch it, or print it. Come by or call and let us help you make it personal!

PsychoSocial Rehabilitation Program

The month of January began a new year for the PSR consumers. The new year brought about New Year's resolutions pertaining to personal goals consumers wanted to accomplish. The month also brought the celebration of Dr. Martin Luther King, Jr.'s birthday. Consumers watched Dr. King's famous "I Have a Dream" speech. Consumers decorated the "word tree" with snowflakes and red birds, representing the Winter season.

February was the consumers' most exciting and busiest month. They celebrated and learned the history of Ground Hog's Day, President's Day, Valentine's Day, Flag Day, and Black History month. They also made and wore red hearts for the month in celebration of National Heart Month. The "word tree" was decorated with red hearts.

During the month of March, consumers had the opportunity to tour Miller-Motte College in Greenville followed by a lunch outing. They observed St. Patrick's Day by making shamrocks to wear. They also decorated the "word tree" with shamrocks, and kites to bring in the Spring season.

Adult Day Program

During this quarter, the Adult Day Program celebrated the fruits of their labor. Clients were honored and rewarded for the volunteer services they provided to Vintage Inn Retirement Center. As mentioned in previous articles, ADP works towards giving back to the community through different volunteer services. It was with great joy to see the clients being recognized for their hard work, as well as it being a source of motivation for them to continue to give back to the community.

Martin Enterprises is your local facility for cardboard and computer recycling. If you have old computers and/or cardboard, our facility will be more than willing to accept these items.

Vocational Rehabilitation Services

Work Adjustment and Supported Employment's Success

The **V**ocational **R**ehabilitation Department focuses on providing quality service and assisting consumers overcome criminal, mental, personal, transportation, and educational barriers throughout the duration of receiving services. Our Work Adjustment new placement goal for the current fiscal year is 60. A total of 7 consumers have obtained employment for the 1st quarter of 2015. Consumers receive one-on-one services from qualified Community Employment Specialists Carter, Jefferson, and Williams, in the areas that enrich each individual's interpersonal skills and helps prepare them for job placement. Job placement sites range from Service Xpress, Pronamics, Waffle House, Perdue, WalCoates Elementary, Red Heron Café, HTM Concepts, Mega Force, and the Waffle House. Current placements have brought about a positive start and with additional support and openness from employers; our consumers will be granted more employment opportunities to prove that they too are capable of being productive persons in the community. The overall goal for the consumers is to achieve each individualized goal written including gaining and maintaining work experience for 90 days or more.

The **V**ocational **R**ehabilitation Department also assists consumers through assessment evaluations that help the individual gain employment skills while utilizing the in-house program. The consumer earns monthly pay and is expected to follow the rules and regulations of the facility. The consumers gain employment skills and etiquette for job readiness. In addition, each month, an in-house consumer is highlighted as the Outstanding Worker of the Month. Each consumer received a certificate, 50 tokens and a free lunch card for their accomplishments.

The first quarter Success Club Meeting was held on March 25, 2015. Two consumers along with CES Jefferson and Williams were in attendance. Participants had lunch at Golden Corral in Washington and visited the Washington Waterfront. Topics for the Success Club Outing covered working during non-scheduled hours, safety at work, and transitioning under new management. One of the participants informed the CES that she was asked to work in a different area at her job. She obtained experience in quality/quantity control. The new task demanded she work in close proximity with her co-workers as a team and increase production while maintaining quality. She successfully counted, dispersed, and signed off on orders totaling over a 100 pieces per day. She and her employer were very proud of her accomplishment.

ARC & UCP Group Homes

First quarter activities began with residents from both group homes coming together to enjoy a New Year's gathering. On January 10th the residents attended the first Jamboree of the year.

The month of February was packed with activities such as a pre-super bowl party with all the fixings, celebration of the eldest resident's birthday, and clients dressing in all red for Valentines Day during the monthly jamboree on February 14th.

March continued with the celebration of 2 clients' birthdays. The month's jamboree theme was Western. Residents wore cowboy and cow-girl attire and played Bingo. Everyone enjoyed a spectacular Pig Picking...it was um, um, good! Residents also enjoyed the warmer temperatures by having a picnic in the park.

To close out the quarter, residents attended a Black History event at the EJ Hayes Alumni Cultural Center. They enjoyed poetry, songs, speeches, and awards. A slide show was presented showcasing historical scientists and inventors who have made significant contributions to the world.

CAP & ADVP Departments

The CAP and ADVP Departments have been busy this quarter. Clients utilized their time by volunteering at local churches, food pantries, and with Meals on Wheels. Clients visited the library to obtain library cards and check out books. An Easter outing was held at the park with an Easter egg hunt followed by refreshments for all the clients. In addition to client activities, the Wellness Committee prepared a healthy lunch consisting of soup and salad for all staff and clients to enjoy. The meal was filling, delicious, healthy, and energizing! Stay tuned for next quarter's activities & fun as Spring quickly approaches!
