Press Release – 10-27-14, Major Hinton Wins Statewide NCRA Award

The NCRA (North Carolina Rehabilitation Association) held an awards ceremony at the Assistive Technology Expo Thursday, October 23rd, in Greenville at the Greenville Convention Center.

Major Hinton, who owns and operates HETS (Hinton Employment Transportation Services), was honored, along with his wife, Mary, at the opening ceremony with the “Personal Achievement” Award. This is Hinton’s second award this year. In September, he also won a North Carolina Association for Rehabilitation Facilities (NCARF) award.

Hinton was nominated by Vocational Rehabilitation in Washington, NC due to his ability to transfer from VR services to owning and operating the transportation business that Martin Enterprises located in Williamston, NC, with grant money, helped establish in 2011.

For additional information about HETS call 252-792-8251, visit www.martinenterprises.org and/or ***Like Us*** on Facebook.
